Decision

Background

1. As set out in Joint Canadian Securities Administrators (**CSA**)/ Investment Industry Regulatory Organization of Canada (now, Canadian Investment Regulatory Organization (**CIRO**)) Staff Notice 21-329 *Guidance for Crypto-Asset Trading Platforms: Compliance with Regulatory Requirements* (**Staff Notice 21-329**) and CSA Staff Notice 21-327 *Guidance on the Application of Securities Legislation to Entities Facilitating the Trading of Crypto Assets* (**Staff Notice 21-327**), securities legislation applies to crypto asset trading platforms (**CTPs**) that facilitate or propose to facilitate the trading of contractual rights relating to anything commonly considered to be a crypto asset, digital or virtual currency, or digital or virtual token (**Crypto Assets**) because the user's contractual right to the Crypto Asset (**Crypto Contract**) may itself constitute a security and/or a derivative.

To foster innovation and respond to novel circumstances, the members of the CSA have implemented an interim, time limited registration that would allow CTPs to operate within a regulated framework, with regulatory requirements tailored to the CTP's operations. The overall goal of the regulatory framework is to ensure there is a balance between the need to be flexible and facilitate innovation in the Canadian capital markets, while upholding the regulatory mandate of promoting investor protection and fair and efficient capital markets.

The Filer is currently registered in all jurisdictions of Canada in the category of restricted dealer. The Filer previously applied for and received exemptive relief in a decision dated September 29, 2021 (the **First Decision**). The Filer applied for a revocation of the First Decision and obtained a decision to replace it on March 24, 2022 (the **Second Decision**). The Filer again applied for and obtained a decision to revoke the Second Decision and replace it with a decision dated October 6, 2023 (the **Third Decision**). Each of the First Decision, Second Decision and Third Decision (collectively the **Prior Decisions**) provided the Filer with exemptive relief on terms substantially similar to this decision (the **Decision**). Under the terms of the Prior Decisions, the Filer operates, on an interim basis, a CTP that

permits clients resident in Canada to enter into Crypto Contracts to purchase and sell Crypto Assets through the Filer. While registered as a restricted dealer, the Filer intends to seek membership with CIRO.

The Filer has submitted an application to revoke the Third Decision and to replace it with this Decision. This Decision has been tailored for the specific facts and circumstances of the Filer, and the securities regulatory authority or regulator in the Jurisdictions will not consider this Decision as constituting a precedent for other filers.

The Third Decision required the Filer to submit an application, no later than 12 months after the date of the Third Decision, to the Principal Regulator (as defined below), the Autorité des marchés financiers (the **AMF**) and the Ontario Securities Commission (the **OSC**) to become registered as an investment dealer and to submit an application to become a CIRO member no later than May 15, 2024.

On May 15, 2024, the Filer prepared and submitted to CIRO a membership application. However, due to certain deficiencies in its application, which the Filer is currently working to remedy, the Filer has not yet been able to transition to investment dealer registration and CIRO membership.

The Filer has submitted an application to extend the relief in the Third Decision in order to allow the Filer to complete the CIRO membership process while continuing to operate the Platform (as defined in the Third Decision) on an interim basis as a restricted dealer and to amend certain provisions in the Third Decision.

Requested Relief

2. The securities regulatory authority or regulator in British Columbia and Ontario (**Dual Exemption Decision Makers**) have received an application from the Filer (the **Dual Application**) for a decision under the securities legislation of those jurisdictions (the **Legislation**) for a decision exempting the Filer from
 - A. the prospectus requirements under the Legislation in respect of the Filer entering into Crypto Contracts with clients (the **Prospectus Relief**),
 - B. the requirement in section 13.3 of NI 31-103 that, before it opens an account, takes any other investment action for a client, or makes a recommendation or exercises discretion to take an investment action, to determine on a reasonable basis, that the action is suitable for the client and puts the client's interest first (the **Suitability Relief**).

The securities regulatory authority or regulator in the Jurisdictions referred to in **Appendix A** (the **Coordinated Review Decision Makers**) have received an application from the Filer (collectively with the Dual Application, the **Application**) for a decision under the securities legislation of those jurisdictions exempting the Filer from certain reporting requirements under the Local Trade Reporting Rules (as defined in Appendix A) (the **Trade Reporting Relief**, and together with the Prospectus Relief and the Suitability Relief, the **Requested Relief**).

The Filer has also applied for a decision revoking the exemptive relief in the Third Decision effective as of the date of this Decision.

Under the Process for Exemptive Relief Applications in Multiple Jurisdictions (for a hybrid application):

- (a) the British Columbia Securities Commission is the principal regulator for this Application (the **Principal Regulator**),
- (b) the Decision is the decision of the Principal Regulator and the Decision evidences the decision of the securities regulatory authority or regulator in Ontario,
- (c) in respect of the Prospectus Relief and the Suitability Relief, the Filer has provided notice that, in the Jurisdictions where required, subsection 4.7(1) of Multilateral Instrument 11-102 *Passport System* (**MI 11-102**) is intended to be relied upon in each of the other provinces and territories of Canada (the **Non-Principal Jurisdictions**), and
- (d) the decision in respect of the Trade Reporting Relief is the decision of the Principal Regulator and evidences the decision of each Coordinated Review Decision Maker.

Interpretation

- 3. For the purposes of this decision, (a) terms defined in MI 11-102 and National Instrument 14-101 *Definitions* or the Third Decision have the same meaning if used in this Decision, unless otherwise defined;

(b) the following terms have the following meanings:

"**permitted client**" has the same meaning as defined in NI 31-103.

"**Registered CTP**" means a CTP that is registered as a restricted dealer under securities legislation in one or more applicable Jurisdictions.
